

Dalton Malmin

Nashville, TN | dalton.w.malmin@vanderbilt.edu | (615) 388-4156

Research Interests

Health Economics, Labor Economics, Public Economics

Education

Vanderbilt University

Aug 2024 – May 2028

B.S. in Mathematics and Economics

Relevant coursework: Linear Algebra, Calculus I–III, Econometric Methods, Economic Statistics, Microeconomics, Macroeconomics, Program Design and Data Structures

Works in Progress

“Trends in Health and Access to Care by Sexual Orientation: Evidence from the 2013–2024 National Health Interview Survey” Gilbert Gonzales, **Dalton Malmin**, Christopher Julian.

Abstract: This study examines trends in health and cost-related barriers to care by sexual orientation in the United States from 2013 to 2024 using repeated cross-sectional National Health Interview Survey data. We estimate weighted prevalence and adjusted survey-weighted logistic regression models comparing heterosexual, gay/lesbian, and bisexual adults on health, smoking, psychological distress, and unmet care due to cost. Smoking disparities narrowed over time, but mental health and affordability disparities persisted and often widened, especially among bisexual adults.

Research Experience

Vanderbilt Center for Research on Inequality and Health

Aug 2025 – Present

Research Assistant, Prof. Gilbert Gonzales

- Analyze NHIS data to study trends in health and access to care by sexual orientation using survey-weighted estimates and regression-based marginal effect comparisons in Stata.

Vanderbilt Research on Conflict and Collective Action Laboratory

Jan 2025 – Dec 2025

Research Assistant, Profs. Brett V. Benson, J Andrés Gannon

- Conducted research in Stata and Python on voter preferences and cross-national military capabilities using survey replication, data standardization, and NLP-based classification.

Honors and Scholarships

American Economic Association Summer Program

2026

AEA Summer Program Scholar, Advanced Cohort

Coursework: Mathematical Economics, Microeconomic Theory, Econometric Analysis, Research Methods in Economics

Teaching Experience

Vanderbilt Undergraduate Data Science

Fall 2025

DS 1000 Grading Assistant

- Graded assignments and supported undergraduate instruction in data science.

Programming Skills

Stata, R, Python, LaTeX, SQL
